

Using Technology to Improve Program Operations

Monday, February 14, 2022

The following list of resources was created by the session participants.

| Strategies | Resources |
|--|---|
| Online registration – A way to gather a lot of information, saves time with fewer errors and programmatic data | Wordpress - A way to create your own website or blog |
| Online scheduling of assessments | Picktime - An appointment scheduling platform |
| Marketing firm for social media and creating flyers | |
| Pay to boost Facebook posts | |
| Digital badges for completing levels/classes | |
