Tech Talks

A new webinar series from the Digital Literacy and Distance Education Project

Learn more about Canvas LMS.
December 1, 2022
3:30 - 4:30 p.m.

Canvas will be the tool featured on December 1. During the Canvas Tech Talk, we will show you how to organize your class material, making it easier for you and your students to access coursework 24/7. Features such as tracking progress, creating assignments and quizzes, and encouraging student engagement within the platform will be covered.

Set up a free Canvas account and try adding content before the webinar so you can bring your questions and ideas to share.

Click to Join

Join the Digital Literacy and Distance Education project for a new series starting in December. Each Tech Talk will feature a new technology tool, which will be announced in advance for those who would like to explore the resource and bring their experiences and questions.

Save the Dates:
Future Tech Talks will be held on **February 2, 2023** and **April 6, 2023**, at 3:30 p.m.
